MEMORANDUM FOR:

1. During the past few years the Technical Services Division has, with my full concurrence, regularly held a Research and Development Seminar for selected senior individuals in the Clandestine Services. The purpose of the meeting is to explain and seek guidance for the proposed TSD [redacted] Program for the next fiscal year.

25X1A

2. I am well aware of the additional burden that this activity may place on already busy schedules, but the goal of responsible guidance for the [redacted] expenditure in R&D to assure its operational pertinence certainly warrants the effort involved.

25X1A

3. I would therefore like you to attend this seminar which will be held at [redacted] on Thursday and Friday, 30 April and 1 May 1964.

25X1A

4. A TSD representative will contact you personally sometime before the date of the seminar to brief you fully on it.

Richard Helms  
Deputy Director for Plans
